ABES-Engineering College

Ghaziabad, UP

Education

[2023-27]

Bachelor Of Technology in Mechanical Engineering.
ABES-Engineering College Ghaziabad, UP

Projects [Experience]

CAD Design Projects.

1. Re-Engineering Parts of Chapati Making Machine.

Industrial machine component optimization.

- 3D modelling & assembly in **SolidWorks**.
- Stress analysis & design optimization.
- Manufacturing drawings preparation.

2. NACA 6-Series Air Foil Profile.

Aerodynamic research & design.

- Air foil optimization.
- Performance validation through simulation.
- Technical research documentation.

IOT Projects.

1. Attendance Monitoring System.

RFID-based automation.

- Arduino UNO + RFID integration.
- Real-time cloud data logging.
- Web dashboard development.

2. AQI Monitoring System. [Team Project]

Air quality monitoring solution.

- **ESP32** + MQ135 sensor integration.
- Multi-sensor data analytics.

3. Hopper Design Assembly.

Sheet metal component for material handling.

- **SolidWorks** sheet metal modelling.
- Fabrication drawings.

4. Industrial Chapati Making Machine Prototype. [Team Project]

Complete machine prototype development.

- End-to-end design in **SolidWorks**.
- Prototype fabrication.
- Team coordination & project management.

Certifications

1. **CSWA** – Certifies SolidWorks Associate
Dassault System.

Skills

CAD Design.

- **SolidWorks**. [Intermediate]
- **Autocad**. [Intermediate]
- **TinkerCad**. [Beginner]

IOT Embedded.

- **Arduino IDE**.
- **ESP32** [Micro-controller], **Arduino UNO**.
